Smart Empire Company Limited

One Company. Many Solutions.

Smart Empire Company Limited is a Tanzanian engineering, construction, and consultancy firm based in Mbeya. We provide quality solutions in civil, electrical, mechanical, drilling, and land surveying/GIS services, delivering projects safely and efficiently while serving government, private, and international clients.

One Company. Many Solutions.

Smart Empire Company Limited stands out as a fully integrated engineering and construction firm, combining civil, electrical, mechanical, drilling, geotechnical, and land surveying/GIS services under one roof. Our multi-disciplinary expertise, advanced technology, and proven track record with government, international, and private clients allow us to deliver projects efficiently, safely, and sustainably. With a client-focused approach and commitment to quality, we turn complex challenges into seamless, reliable solutions, truly living up to our slogan: One Company. Many Solutions.

**Let's Build Your
Future, Together.**

About Us

Smart Empire Company Limited is a leading engineering, construction, and consultancy firm based in Mbeya, Tanzania. We provide high-quality services across civil, electrical, mechanical, drilling, geotechnical, and land surveying/GIS disciplines, offering end-to-end solutions for complex infrastructure projects.

Our mission is to execute every project with precision, efficiency, and a commitment to excellence. We strive to deliver innovative and practical solutions that meet the unique needs of each client, ensuring projects are completed on time, within budget, and to the highest quality standards.

We pride ourselves on our multi-disciplinary approach, combining various engineering and technical services under one roof. This integrated model reduces delays, improves coordination, and ensures seamless project delivery from initial design and consultancy to construction and commissioning.

Our team comprises experienced engineers, surveyors, technical experts, and support staff who bring local expertise and international best practices to every project. We are committed to maintaining high standards of health, safety, and environmental management, protecting both our people and the communities where we operate.

Over the years, we have successfully delivered projects for government agencies, international organizations, and private clients, earning a reputation for reliability, professionalism, and technical excellence. This proven track record demonstrates our ability to handle projects of all scales and complexities.

At Smart Empire Company Limited, our vision is to be the most trusted and preferred engineering and construction firm in Tanzania and beyond. Guided by our core values of innovation, integrity, excellence, and agility, we aim to create sustainable, long-term solutions that contribute positively to the development of our country.

Water Resources & Drilling Works

Civil & Building Construction

Geotechnical & Environmental Services

OUR MISSION, VISION

Mission

To deliver every project with precision, efficiency, and a commitment to excellence, providing innovative and practical engineering, construction, and consultancy solutions that meet the unique needs of our clients.

Vision

To be the most reputable and preferred engineering, construction, and consultancy firm in Tanzania and East Africa, recognized for exceptional quality, reliability, and client-focused project delivery.

OUR CORE VALUES

Innovation

We embrace creativity, modern technology, and forward-thinking in every project. Our innovative solutions are efficient, cost-effective, and future-ready, helping clients overcome challenges and achieve sustainable results.

Integrity

Honesty, transparency, and ethical conduct guide every decision we make. By maintaining the highest ethical standards, we build trust with clients, partners, and stakeholders at every stage of a project.

Excellence

We are committed to superior quality and performance in all our services. Through rigorous quality control, adherence to industry best practices, and attention to detail, we consistently exceed client expectations.

Agility

We adapt quickly to changes, challenges, and client requirements. Our flexible approach ensures projects are delivered on time, within budget, and with optimal results, even in complex or dynamic environments.

Safety & Sustainability

We prioritize the health, safety, and well-being of our employees, clients, and communities. By implementing strict HSE protocols and sustainable practices, we ensure responsible and environmentally-conscious project execution.

Client Focus

Our clients are at the heart of everything we do. We listen, understand their needs, and deliver tailored solutions, building strong, long-term relationships grounded in trust, reliability, and measurable value.

Water Resources, Drilling & Hydrological Solutions

- » We provide complete water resource development services including borehole drilling and development, geophysical and hydrogeological surveys, pump testing, installation and rehabilitation, water quality analysis, construction of water storage tanks, pump houses, and distribution systems. Our expertise also covers Horizontal Directional Drilling (HDD), dam construction, river intake structures, and advanced hydrological modeling for sustainable water management.

Civil, Road & Building Construction

- » Our civil engineering team delivers high-quality road construction, upgrading, rehabilitation, drainage systems, and earthworks. We also construct commercial, residential, and institutional buildings, including petrol stations and warehouses. Additional capabilities include renovations, structural improvements, landscaping, interior works, and creative architectural finishing.

Geotechnical, Environmental & Geological Services

- » We conduct comprehensive geotechnical investigations including soil and rock testing, sampling, and laboratory analysis. Our environmental services include Environmental and Social Impact Assessments (ESIA), Environmental Management Plans (EMP), audits, compliance monitoring, and groundwater assessments. These services support safe, compliant, and environmentally responsible project execution.

Electrical, Mechanical & Industrial Engineering

- » We offer electrical installation and power distribution systems, transmission works, lighting systems, fire protection, and safety installations. Our mechanical services include HVAC solutions, plumbing systems, steel fabrication, industrial mechanical structures, and generator supply, installation, and maintenance. We ensure reliable, energy-efficient, and compliant engineering systems for all project environments.

Water Infrastructure Development

- » Our water infrastructure division delivers fully integrated solutions that support sustainable access to clean and reliable water across communities, industries, and institutions. We design and construct advanced water treatment plants, transmission and distribution pipelines, pumping stations, and both elevated and ground storage tanks. Our expertise extends to rural and urban water supply schemes, pressure management systems, and rehabilitation of aging water networks.

Telecom Infrastructure & Digital Surveying Solutions

- » We provide comprehensive telecom infrastructure services, including the construction of towers, masts, safety structures, and all related civil and electrical works essential for reliable network expansion. Our surveying and GIS division delivers precise topographical, cadastral, and engineering surveys that support planning, design, and construction activities. We also offer advanced GIS mapping, spatial data analysis, and digital land information management to enhance decision-making and project accuracy.

Completed & Ongoing Projects

Client / Institution	Project Description	Date	Value (TZS)
BORDA Tanzania	Construction of Simplified Sewer System, Sinde Ward	Nov 2022	TZS 344.5M
TARURA, Singida	Rehabilitation of Mitundu Ipalalyu & Ipalalyu Kipera Roads	Dec 2022	TZS 238.8M
TARURA, Singida	Spot Improvement along Mwando Nkalakala Nkinto Road	Feb 2023	TZS 233.7M
TARURA, Iringa	Periodic Maintenance of Vikulakilosa–Mufindi–Ihanu & Mikuta–Ludiloilasa Roads	May 2022	TZS 489M
TARURA, Singida	Spot Improvement Kinampundu–Mtinko Roads	Dec 2021	TZS 252M
TARURA, Mtwara	Routine & Periodic Road Maintenance	May 2021	TZS 167.2M
TARURA, Manyara	Rehabilitation along Endahagichan–Endadubu Roads	Mar 2022	TZS 436.8M
Winrock International	Ngerengere Pumping Water Supply Scheme	Jan 2021	TZS 309.9M
Songwe District Council	Totowe & Rukwa Pumping Scheme Water Supply	May 2019	TZS 524.2M
Winrock International	Extension of Pipe Network for Kigungawe B & Lundamatwe	—	TZS 268M

Completed & Ongoing Projects

RUWASA, Tabora	Drilling of 3 Boreholes, Sikonge District	Nov 2022	TZS 145M
RUWASA, Singida	Drilling of 15 Productive Boreholes, Manyoni District	Nov 2023	TZS 363.4M
UNDP	Hydrogeological Survey & Water Supply System, Ikungi District	Nov 2019	TZS 373.8M
IOM	Borehole Drilling & Pump Installation, Makers Refugee Camp	Sept 2019	TZS 3.66B
TBA	Hydrological Survey & Borehole Drilling, Magomeni	July 2017	—
Achelis Tanganyika Ltd	Bonded Warehouse, Canteen & Facilities	June 2021	TZS 196M
IRC	Construction of ECW Facilities in Refugee Camps	Oct 2021	TZS 373M
TPA	Crane Simulator Building, Bandari College	May 2019	TZS 223.1M
Private Client – Atilio	Double-Storey Residential House, Kigamboni	Aug 2018	TZS 224.6M
Jesuit Fathers Tanzania	Renovation of Jesuit Fathers House	Oct 2018	TZS 161.6M

Completed & Ongoing Projects

Private Client – Pascal	Three-Storey Residential House, Makongo Juu	May 2018	TZS 396.9M
TRCS	Maternity Block, Chakulu Dispensary	July 2023	TZS 150M
US Embassy	Swimming Pool Construction, Maintenance & Repair	—	TZS 160M
Mbeya District Council	Water Supply Networks at Swaya & Lupeta Villages	—	TZS 480.7M
Olam International	Water Resources Plan for Hanga & Lutukira Rivers	—	TZS 102.6M
EACOP	Water Sourcing Works Across 4 Regions	Sept 2023	TZS 5.23B
Geita Gold Mining Ltd	Construction of Laboratory Facilities for 8 Secondary Schools	May 2024–Present	TZS 623M
Ministry of Livestock & Fisheries	National Mariculture Resource Centre Phase 1	Mar 2022–Present	TZS 1.76B
DCC	5-Storey Classroom Block, Minazi Mirefu Secondary School	June 2023–Present	TZS 2.68B

OUR PROJECTS

Government Agencies

» Ministries, local authorities, and other public sector institutions seeking reliable and comprehensive infrastructure solutions, including road networks, bridges, water supply systems, public buildings, and civil engineering projects. We partner with government bodies to support sustainable national development, improve public service delivery, and implement projects that positively impact communities and the economy.

Mining and Extractive Industries

» Companies in gold, mineral, and oil sectors requiring specialized drilling services, water infrastructure solutions, industrial facilities, and civil and mechanical engineering support. Our solutions enhance operational efficiency, safety, and sustainability in complex and challenging environments, while adhering to regulatory and environmental standards.

Commercial and Industrial Enterprises

» Businesses, factories, manufacturing plants, and industrial clients requiring warehouses, production facilities, petrol stations, and other commercial or industrial buildings. We deliver high-quality construction solutions designed for durability, operational efficiency, compliance with safety and environmental regulations, and long-term sustainability.

Real Estate and Residential Developers

» Residential estates, apartment complexes, and private property developers seeking construction, renovation, interior design, and landscaping services. We deliver solutions that improve functionality, aesthetics, and long-term property value while ensuring high-quality standards and compliance with local regulations.

International Organizations and NGOs

» United Nations agencies, international development partners, and humanitarian organizations implementing large-scale community development, education, health, water, and sanitation projects. We provide technically skilled, innovative, and reliable services that ensure successful project outcomes, compliance with international standards, and measurable social impact.

Telecommunications and IT Firms

» Telecommunication operators, internet service providers, and technology companies needing telecom tower construction, network infrastructure, GIS mapping, and advanced engineering solutions. We ensure seamless connectivity, accurate spatial data, and reliable technological services across urban, peri-urban, and remote areas.

Educational and Health Institutions

» Schools, colleges, universities, hospitals, clinics, and research centers in need of classrooms, laboratories, dormitories, medical infrastructure, and supportive facilities. Our services help enhance learning, research, healthcare, and community well-being through modern, safe, and sustainable construction and engineering solutions.

Environmental and Consultancy Services

» Organizations requiring geotechnical investigations, hydrological studies, environmental and social impact assessments, waste management plans, and technical consultancy services. Our expertise ensures projects are sustainable, compliant, and executed with high technical quality while minimizing environmental and social risks.

Long-term Aspirations:

Our long-term aspiration is to establish Smart Empire Company Limited as a leading, innovative, and highly respected engineering, construction, and technical consultancy firm across Tanzania and the broader East African region. We aim to be recognized not only for the quality and reliability of our projects but also for our ability to deliver sustainable, forward-thinking solutions that address the evolving needs of our clients, communities, and the environment.

As part of our long-term goals

We are committed to continuously developing our technical expertise, embracing advanced technologies, and strengthening our operational capabilities to take on increasingly complex and large-scale projects. By investing in a highly skilled workforce, state-of-the-art equipment, and efficient processes, we ensure that every project is executed with precision, excellence, and uncompromising standards of quality.

Our vision extends beyond infrastructure; we strive to create meaningful social impact by empowering local communities, promoting economic growth, and contributing to national and regional development. We prioritize sustainability, environmental stewardship, and ethical practices in all our operations, ensuring that the benefits of our projects endure for generations. Through innovation, integrity, and a client-focused approach, we aim to build long-lasting partnerships with public institutions, private sector organizations, and international agencies. Our ultimate goal is to be a transformative force in the region, delivering projects that not only meet immediate needs but also foster long-term resilience, improved quality of life, and lasting prosperity.

At Smart Empire, we envision a future where our legacy is defined by excellence, trust, and positive impact a future in which our projects, people, and partnerships leave a lasting mark on the development and growth of Tanzania and East Africa.

Why We're the Right Partner

Smart Empire Company Limited stands out as a trusted and dependable partner committed to delivering excellence in every project. Our blend of multidisciplinary expertise, advanced technology, strict quality standards, and client-centered service enables us to provide solutions that are efficient, innovative, and built to last. We approach every assignment with professionalism, integrity, and a dedication to exceeding expectations, ensuring that our clients receive unmatched value, reliability, and long-term results.

Proven Multidisciplinary Expertise

Smart Empire is powered by a highly skilled team of engineers, technicians, surveyors, and specialists with extensive experience across civil works, electrical and mechanical engineering, drilling operations, hydrology, geotechnical studies, and consultancy services. Our diverse expertise enables us to take on complex projects with confidence and deliver exceptional results.

End-to-End Project Capabilities

We offer a full spectrum of services, beginning from initial feasibility assessments, designs, environmental studies, and technical evaluations, all the way to construction, commissioning, maintenance, and long-term support. This integrated delivery approach ensures seamless coordination, reduced costs, minimized risks, and timely completion of every project.

Strong Commitment to Quality & Compliance

Our operations follow strict quality assurance and quality control procedures, ensuring precision, durability, and regulatory compliance in every task. We work in line with national construction guidelines, international engineering standards, and industry best practices to guarantee that all projects meet the highest performance expectations.

Safety, Integrity & Transparency

Smart Empire upholds a culture of ethical conduct and responsible operations. Our strict HSE framework, anti-corruption policies, and confidentiality standards guide all business activities. We ensure transparent communication, honest reporting, and responsible decision-making, making us a dependable and trustworthy partner.

Modern Equipment & Advanced Technology

We invest in modern drilling rigs, construction machinery, surveying equipment, and digital tools to enhance accuracy, efficiency, and productivity. With advanced GIS technologies, high-precision instruments, and reliable project management systems, we deliver solutions that meet the demands of today's fast-evolving engineering environment.

Client-Centered Approach

Our clients are at the heart of everything we do. We listen, understand, and adapt our solutions to fit each project's unique requirements. Through consistent communication, flexibility, and a results-driven approach, we build lasting partnerships based on reliability, trust, and outstanding service delivery.

Anti-Bribery & Anti-Corruption Policy

Smart Empire Company Limited is firmly committed to conducting business with the highest degree of integrity, accountability, and ethical discipline. As a responsible engineering and construction company, we recognize that bribery and corruption undermine fair competition, damage public trust, and hinder sustainable development. For this reason, we uphold a strict zero-tolerance stance toward any form of bribery, corruption, fraud, collusion, or unethical influence within our operations.

Everyone working with Smart Empire, including staff, management, and partners, is required to uphold strong ethical standards. No one is permitted to offer, request, or accept any bribe, kickback, or improper benefit intended to influence decisions or gain unfair advantage. This includes any direct or indirect payments, gifts, or favors made through third parties. All financial, procurement, and contractual activities must be transparent, properly recorded, and fully compliant with Tanzanian laws and international anti-corruption guidelines.

Smart Empire conducts regular training to help employees recognize risks, avoid conflicts of interest, and respond appropriately to unethical approaches. We also provide confidential reporting channels that allow concerns to be raised safely and without fear of retaliation. Management actively monitors the effectiveness of this policy and enforces strict consequences for violations, including disciplinary actions or legal measures. Through these commitments, Smart Empire Company Limited protects its reputation, strengthens trust with stakeholders, and ensures that all projects are delivered responsibly, transparently, and to the highest professional standards.

Data Protection & Confidentiality Policy

Smart Empire Company Limited is fully committed to safeguarding all personal, operational, and confidential information entrusted to us. We recognize the importance of privacy and data security in maintaining trust, and we ensure that all information is handled responsibly, securely, and in compliance with applicable laws, regulations, and recognized industry standards. Our priority is to protect data from unauthorized access, misuse, loss, alteration, or disclosure.

We collect, store, and process information strictly for legitimate business purposes, including project execution, client service, operational efficiency, and regulatory requirements. Any data shared with us by clients, partners, employees, or stakeholders is treated with the highest level of confidentiality. Access to sensitive information is limited to authorized personnel who require it to perform their roles, ensuring controlled and accountable data handling.

Smart Empire has established robust data protection systems and procedures, including secure storage, controlled digital access, encrypted communication where applicable, and continuous monitoring to ensure data integrity at all times. We also require all subcontractors, consultants, and service providers to follow strict confidentiality and data protection obligations when dealing with company or client information.

Employees receive regular training and guidance on privacy responsibilities, proper data-handling practices, and the importance of maintaining confidentiality in all business operations. Any suspected or actual breach of data protection protocols is addressed promptly through investigation, corrective action, and preventive measures to avoid future occurrences.

By committing to this policy, Smart Empire Company Limited reinforces trust with clients, partners, and communities, ensuring that all information is managed with professionalism, integrity, and strict confidentiality throughout the entire project lifecycle. Our dedication to data protection is a core part of our commitment to ethical and responsible business conduct.

Sustainability & Corporate Social Responsibility (CSR)

At Smart Empire Company Limited, we believe that business success is closely linked to making a positive impact on society. We are committed to supporting the communities where we operate, ensuring that our work contributes not only to infrastructure development but also to the social and economic well-being of local populations.

Education is one of our primary CSR focuses. We support local schools by providing learning materials, improving infrastructure, offering scholarships, and organizing training programs. By investing in education, we help nurture the next generation of skilled professionals and community leaders.

Health and well-being are equally important. We actively participate in initiatives that improve access to clean water, promote sanitation and hygiene, and raise awareness about public health. These efforts help create safer, healthier living environments for communities.

Environmental sustainability is at the core of our operations. We promote conservation practices, efficient waste management, and sustainable resource use. By protecting the environment, we ensure that future generations can enjoy a healthier and more balanced ecosystem.

Community development is central to our CSR strategy. We engage in projects that create employment opportunities, empower local entrepreneurs, and support social programs aimed at uplifting marginalized groups. Through these initiatives, we strengthen the economic and social fabric of the communities we serve.

Through these combined efforts, Smart Empire Company Limited demonstrates its dedication to responsible corporate citizenship. By aligning our business success with social and environmental responsibility, we aim to create long-lasting, meaningful impact across Tanzania and the wider East African region.

Health, Safety & Environmental (HSE) Policy

At Smart Empire Company Limited, we place the highest priority on the health, safety, and well-being of our employees, clients, partners, and communities. We are committed to maintaining safe work environments and ensuring that every project is executed responsibly and without harm.

Health & Safety: We implement strict occupational health and safety protocols across all our operations. Our staff is trained regularly to identify, manage, and mitigate risks, ensuring that safety standards are consistently met on every project site.

Environmental Responsibility: We actively promote environmental protection through sustainable practices, efficient resource management, and waste reduction. All our projects are planned and executed with the goal of minimizing environmental impact and preserving natural resources for future generations.

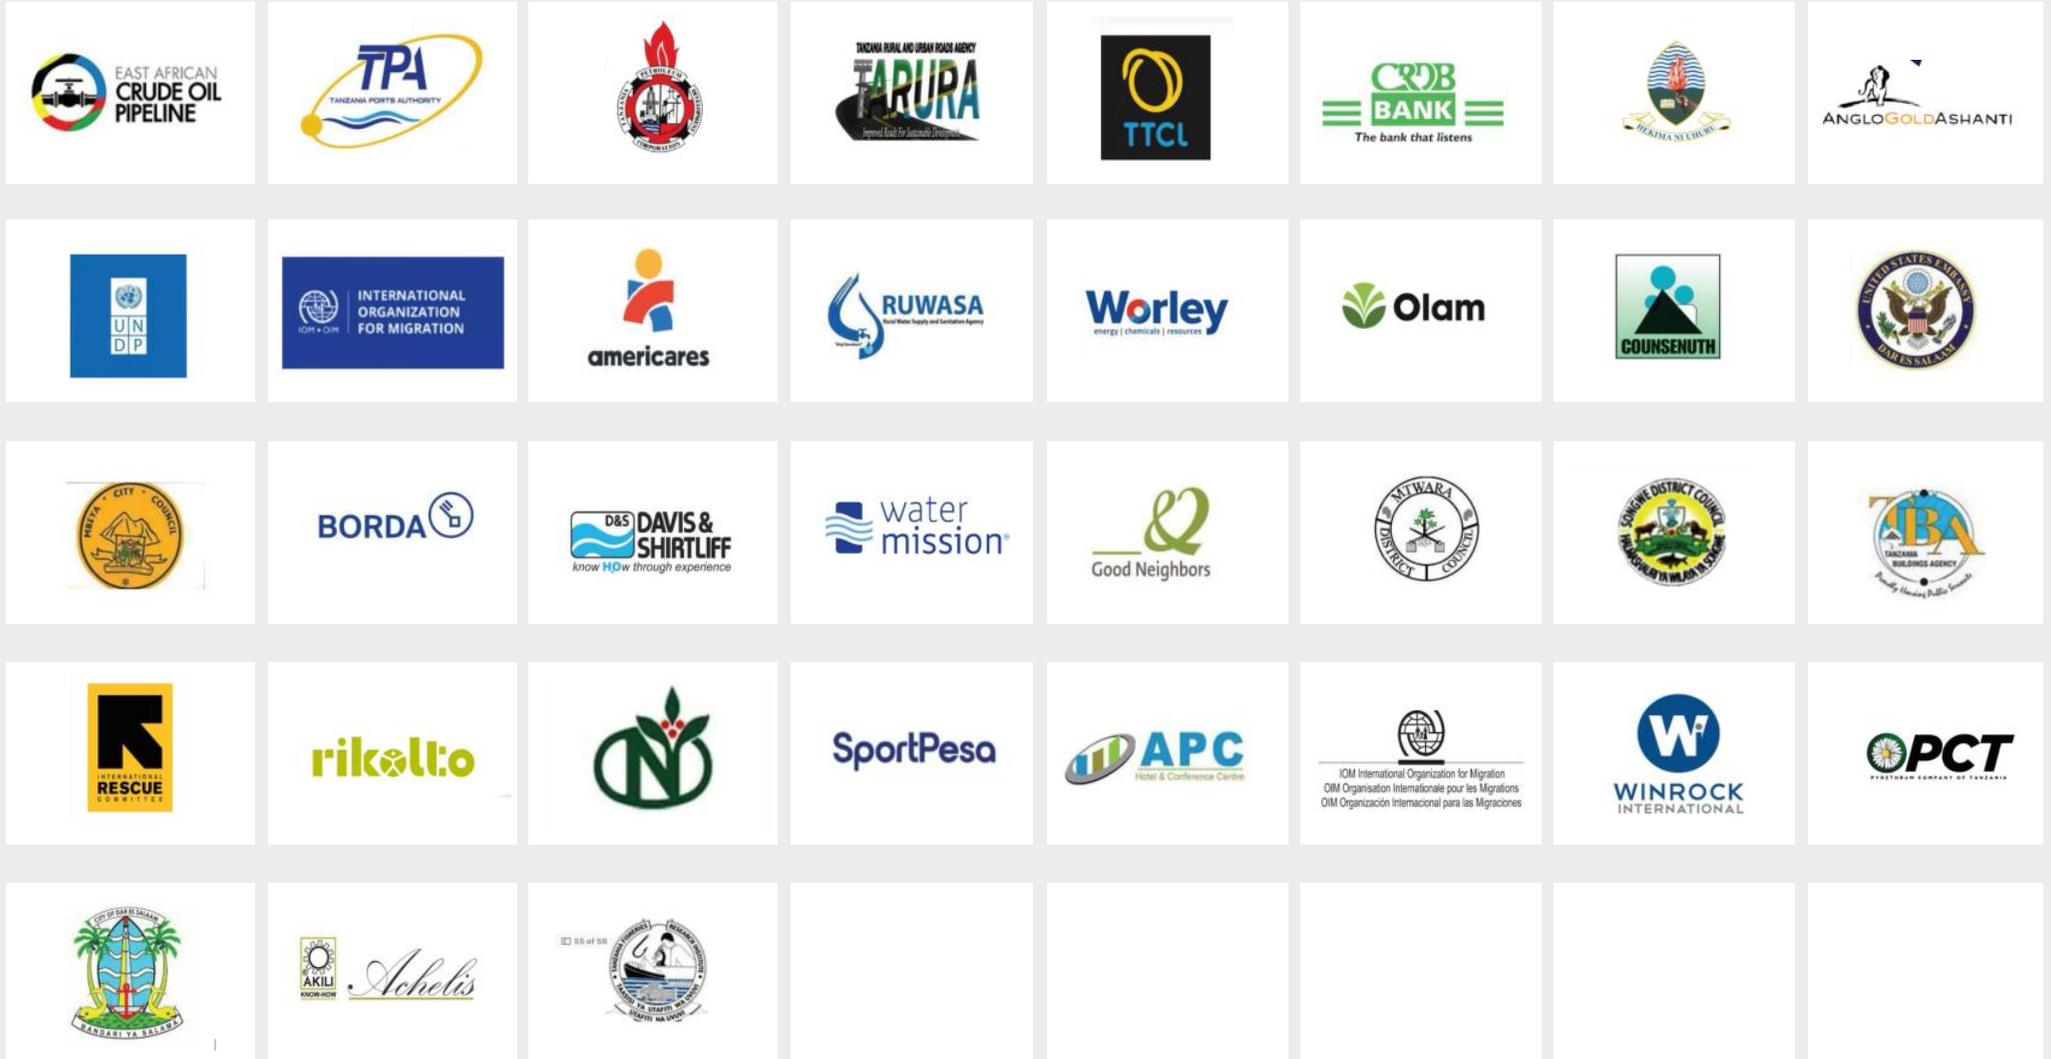

Compliance & Standards: Our HSE practices are fully compliant with Tanzanian regulations and international standards. We continuously monitor, review, and improve our systems to ensure best practices in health, safety, and environmental management.

Culture of Safety: At Smart Empire, safety is embedded in our company culture. Every team member is encouraged to take personal responsibility for HSE, and we foster a proactive approach to hazard prevention and environmental stewardship.

Through these measures, Smart Empire Company Limited ensures that every project is delivered safely, sustainably, and responsibly, reflecting our commitment to excellence and ethical practice in engineering and construction.

Some of Our Clients & Partners

Smart Empire Company Limited is proud to serve a diverse portfolio of clients and partners across government, private, and international sectors. Our notable clients include East African Crude Oil Pipeline (EACOP), Tanzania Rural and Urban Roads Agency (TARURA), Winrock International, United Nations Agencies (UNDP, IOM), Geita Gold Mining Limited (AngloGold Ashanti), Tanzania Ports Authority (TPA), Olam International, and the Tanzania Red Cross Society. These partnerships reflect the trust placed in our ability to deliver comprehensive engineering, construction, and consultancy solutions with the highest standards of quality, safety, and efficiency. By consistently meeting and exceeding client expectations, we have built a reputation as a reliable, innovative, and client-focused company contributing to the development of Tanzania and East Africa.
